UNCLE EZRA'S OPINION OF THE WORLD.

Ain't it good to be a-livin' in this grand old world today?
Seems as though I've never seen it lookin' half as fine an' gay.
Just been offered sixty dollars for that colt there in the lane.
An' Maria says Joe Higgins wants to marry Mary Jane.
She's our oldest, you remember—gittin' close to twenty-nine.
An' we'd sort o' lost hope for'er. Gosh, but this old world is fine!
Wheat is lookin' mighty splendid, corn is good an' thrifty, too;
Seems as though the sky was never half as soft or half as blue.
Amos—he's my son—I reckon that you've often heard o' him.
Well, he's goin' with Lib Watkins, only daughter of old Jim—
Richest man in this hull county! Lib's no beauty, I'll admit.
But I'm thinkin' Amos figgers that there's more than looks to git.
Hear them blackbirds yonder screechin'? Can't keep still, they feel so glad!
I don't see how anybody can set 'round a-lookin' sad.
When the good Lord's went an' fixed it so that everything's so fair:
Seems as though the lambs were never half as fine as them up there.
Did I tell you that our Lizzie was engaged to Henry Spink?
He's to ask me for her Tuesday—an' I'll give her up, I think.
My! but don't them fields look splendid with the shadow's floatin' past.
An' this weather can't be beaten—seems too good almost to last.
When our Mary Jane an' Lizzie go an' leave their ma an' me
We'll have only three remainin' to git married off, I see—
His, of course, is confidential—that Will Ballard's half inclined
To stay up to Belle, our third one. Well, I guess ma wouldn't mind.
Y! I will admit I grumbled an' was blue a month ago;
'Tuz we were lookin' mighty gloomy. I've quit nursin' trouble, though.
I tell you what, it's splendid—this old feelin' in the spring
That makes people git to lovin' an' to think o' marryin'
We had sort o' got to losin' hope for Mary Jane an' Liz.
Say, just look at them there blossoms. What a grand old world this is!

FOREST AVENUE FIRE

Dwelling of James Burtle Was Destroyed Last Afternoon

About 4 o'clock yesterday afternoon a frame dwelling belonging to Mr. James Burtle in East Forest avenue was entirely destroyed by fire. Mrs. Burtle had lighted a gasoline stove, preparatory to the evening meal.

Having placed a skillet containing a piece of bacon on the stove to fry, she stepped out into her yard to procure a few blackberries for supper, which detained her but a few minutes.

On her return she found the structure ablaze and owing to lack of fire protection and timely assistance the house and contents, together with \$100 she had secreted in the house, were consumed.

The building was on the South side of the street, in the county, hence the fire department did not respond to the call for aid.

It is said the grease in the pan ignited, which caused the gasoline stove to explode.

The loss was about \$900, with an insurance of \$500 on household goods and \$200 on dwelling.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

WHY?

Why are the good cooks getting so scarce in Maysville?

Because so many of them have gone and are going every day or so to Cincinnati, Dayton, Washington C. H. and other Ohio towns.

Why do these good cooks leave Maysville to go to Cincinnati and other towns mentioned?

Because they get more money for less HARD work.

How is it that one woman can do all the cooking and house work and even laundering, too, at these other places and yet be said to do less HARD work than she would have to do just cooking alone in Maysville?

Because cooking with Gas removes all the burden of kitchen labor, saves half the time, and leaves the cook fresh and able to do the other lighter housework, and even the laundering where Gas is used for that purpose also.

BRING IT HOME TO YOURSELF!

What would you do if you were the cook? Go away like the rest of them. It is a practical proposition. If you want to keep your cook put yourself on an equal footing with your neighbors across the river.

Quicksilver miners follow the most unhealthy trade in the world. The teeth of an employee drop out, owing to the fumes of the mercury producing constant salivation and the system becoming permeated with the metal.

In order to celebrate the 300th anniversary of the publication of "Don Quixote," the Government of Honduras has decreed the building of a theater to be known as "El Teatro Cervantes." It is proposed to spend on this building \$100,000.

STATE COLLEGE of Kentucky, Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering and Mining Engineering, each of which extends over four years and leads to a degree. Post-graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty professors and instructors.

County appointees receive free tuition, room rent in dormitories, fuel and light, and if they remain ten months traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering, instruction in science and in arts.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing, in any proper sense, university work.

The completion of the College Home for Young Women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bathrooms and rooms for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to young women of obtaining a thorough education in classical, modern language, literature, science, mathematics, logic, metaphysics, history and political economy.

No other institution in the state offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

TESTS PATIENCE.

The Most Patient Maysville Citizen Must Show Annoyance at Times

Nothing spoils a good disposition. Nothing taxes a man's patience. Like any itches of the skin. Itching Piles almost drive you crazy. All day it makes you miserable. All night it keeps you awake. Itch! Itch! Itch! with no relief. Just the same with Eczema. You can hardly keep from scratching it. You would do so but you know it makes it worse.

Such miseries are daily decreasing. People are learning they can be cured. Learning the merit of Doan's Ointment. Plenty of proof that Doan's Ointment will cure Piles, Eczema or any Itchiness of the skin.

Read the testimony of a Maysville citizen. Mrs. S. F. Tolle of 117 Short street, Maysville, Ky., says:

"Before I used Doan's Ointment, in March 1900, I had suffered for a long while with itching hemorrhoids. I had tried persistently to rid myself of the trouble but without success, and anybody who has known the tortures of this complaint will understand what I suffered. Doan's Ointment, procured at J. James Wood & Son's Drugstore, cured me, as stated in a testimonial given at that time, and during the five years past I have had no return of the trouble. It required only one box to bring this gratifying result. I have used Doan's Ointment for other purposes and find that it is a specific for skin troubles and all itching diseases."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

OUR SUMMER PRICES!
